

Privacy Policy

INTRODUCTION

For the purposes of this privacy policy a reference to "Technical Forensic Assurance" means a reference to Technical Forensic Assurance. Any reference to "you" and similar terms is a reference to any person accessing this website. "Website" means a reference to the Technical Forensic Assurance website and all web pages which may be contained therein.□

INFORMATION COLLECTED

When you use this website, you may elect to provide Technical Forensic Assurance with personally identifiable information. Such personally identifiable information may include your name, your company, your job title, your email address and facts about your business and/or profession and/or preferences. In addition Technical Forensic Assurance may automatically collect website usage information from you when you visit this website. This informs Technical Forensic Assurance about the number of visitors to this website and how persons use and navigate this website including their IP addresses and the duration and frequency of their visits to this website.□

USE OF INFORMATION COLLECTED

The personally identifiable information and other information which may be collected on this website may be used to operate and improve this website. Technical Forensic Assurance may in addition use this information to provide marketing information to you. Personal information which is collected from you will be stored and processed in the Republic of South Africa. If required by law, Technical Forensic Assurance will disclose to any law enforcement agency or government authority, information collected on this website. Subject to the foregoing Technical Forensic Assurance will not willingly pass on your personally identifiable information to third parties.□

COOKIES

Like most websites, this website may automatically collect information and data through the use of cookies. A cookie is a small text file that is placed on your hard disk by a webpage server which enables a website to recognise repeat users, facilitate the user's ongoing access and use of the website and allows a website to track usage behaviour and compile data that will allow content improvements and target related marketing. A cookie will not provide personal information, and if you have not supplied Technical

Forensic Assurance with personally identifiable information, you will be able to use this website anonymously. You have the ability to accept or decline cookies. Most web browsers automatically accept cookies, however, you can modify your browser settings to decline cookies should you prefer. Should you choose to decline cookies you may not be able to fully experience the features of this or other websites which you visit.□

SECURITY

Should you provide Technical Forensic Assurance with personally identifiable information, Technical Forensic Assurance will use reasonable endeavours to maintain the necessary safeguards to protect the security, integrity and privacy of such personally identifiable information.□

LINKS

Please note that should you make use of any external links to another website, such websites are not subject to this privacy policy.□

MODIFICATION

Technical Forensic Assurance may amend this privacy policy from time to time.□

TERMS AND CONDITIONS

This privacy policy is subject to the terms and conditions of use of the Technical Forensic Assurance website found at **Terms and Conditions**.□
